Subject: Review of the NOAA/EPA's Draft Response to Comments for comments regarding Forestry-Riparian - CZARA
Attachments: Forestry-Riparian Draft Rationale 093014.docx; Forestry-RiparianRTC093014.doc

Peter, Jenny, Erik and Teresa,

Attached are two documents; the final draft rationale for NOAA/EPA's CZARA decision regarding the Forestry – Riparian issue; and NOAA/EPA's draft responses to the public comments received on this subject.

The draft rationale, which has been reviewed and generally accepted by our management team, provides the foundation for some of the draft responses. The draft responses to comments on Forestry –Riparian are covered in IX. Forestry, Sections B-G. Section A covers General forestry comments and responses. If you have time, we would appreciate your review and comments on the draft responses for Sections B-G as well as Section A. It would be great if I could get your comments within the next week or so. Please let me know if this is problematic.

Regarding the other forestry issues; the landslides rationale is getting close to being completed (hopefully within the next couple of days) and the roads rationale is being revised. It should be done sometime next week. I suspect the pesticides rationale will be done within the next couple of days as well.

Please feel free to give me a call if you have any questions.

Thanks for all of your help.

Alan
